Mt. Auburn International Academy Bullying Report for August to December 2015

The Mount Auburn International Academy Board of Directors Safe School Policy requires that the school leader provide the School's Board President a semi-annual written summary "limited to the number of verified acts of harassment, intimidation and bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events." Pursuant to this policy, we are reposting via this letter that your school has had 10 verified acts of harassment, intimidation and bullying for the first half of the 2015-2016 school year from August to December 2015.
